

Important Update: Wednesday, February 2nd, 2022

We will reopen our branch lobbies* on **Wednesday, February 2nd, 2022**. All services will be available during our regular scheduled lobby hours. If you prefer to make an appointment to conduct your business, please contact the branch you wish to visit.

We ask that you please wear a mask when entering our lobbies, regardless of vaccination status, as we strive to keep our customers and employees safe. Please note, we may ask you to briefly remove your mask for identification purposes when entering the lobby. We also ask that social distancing be maintained while we process your transactions.

If you feel more comfortable, please continue to use our drive-ups, as most services can be performed through the drive-up.

*Except for our Milton location, which will remain drive-up only.

Thank you again for your continued patience and cooperation. We look forward to seeing you soon.
